### Macleod Member Says the Farmers Not Getting Square Deal

## MACLEOD ASKS FOR TERMINAL ELEVATOR

### Claresholm Farmer Says He Is Dissatisfied with Grading System

CLARESBOLM, Ark., July 11.—(Canadian Press)—Action of some Iowa elevators in selling number two wheat as number one after the former had been rejected by the

firm had been paid a number two price for it, was testified to at the afternoon session of the rural grade inquiry commission here today. W. H. Rhoads, M.I.A. Masland, who made this statement, and the farmer was not getting a square deal from some local elevators.

A. V. Harris representing the Macleod board of trade, said Macleod was more logical as a shipping centre than Lethbridge, inasmuch as Macleod was several miles nearer to Vancouver and was at the dividing line of the prairie and mountain grades.

**To Meet in Alaskan**  
 Claresholm was the last Alberta point visited by the commission on this trip. The commission goes to Alaska on Friday. Medicine Hat will be visited by the commission after the British Columbia stoppage are held, about the middle of September.

O. Berg, a Claresholm farmer, said he was dissatisfied with the present system of grading. For one year

he said, he had made two shipments from one field. One shipment had been graded number one, the other had been graded number two. A sample market might help improve the present grading system, he said. He favored establishment of more interior elevators to help remove congestion. A wheat pool, he thought, would greatly improve

**Factors Wheat Pool**  
D. R. Morrison, a Claatsholm farmer for about last twelve years said the present system of marketing with fluctuating prices was not satisfactory. The wheat pool he said would be an aid in stabilizing the price of wheat.

1934, said farmers should have a simple market as the present system of grading was not found to be in the best interests of the shippers. There should be a simple market wherever there was a terminal elevator, he said.

R. T. Marshall, a Staveland farmer, speaking on the Western route, favored a reduction in freight rates.

farmers should have at least one-third of a reduction on rates over the Western route, he said.

No Disturbance of Any Kind  
When Jury Brings in Ver-  
dict of Guilty

LOS ANGELES, Cal., July 11.—Twenty-seven alleged members of the Industrial Workers of the World were convicted of criminal syndicalism by a jury in the superior court here today and within an hour after the verdict had been sentenced to serve from one to 14 years each in the San Quentin penitentiary. There was no disturbance of any kind.

Judge Paul J. McCormick questioned each defendant separately, asking them to explain their motives and the evidence against them. McCormick also asked the defendants if they had any objections to the charges against them. McCormick then asked the defendants if they had any objections to the charges against them.

The request of the defendants that they be sentenced in the presence of the jurors who had convicted them was ignored by the latter, but, as soon as Judge McCormick dictated that they were free to go.

out of the court room a few minutes before the sentences were pronounced.

**WANTS ARAB INDEPENDENCE.**  
JERUSALEM, July 11. —An independent Arab government for Palestine is the minimum that will satisfy Arab aspirations, declared Musa Sami Pasha, chairman of the Palestine Arab executive, before

iving for London, where he will  
ive for British recognition.

## THE PONTOON GLIDE—NEW SPORT

Construction of the main transmission line from the Viking field

Construction of the main transmission line from the Viking field to the city has started at both ends of the line. On Tuesday a large force were started at work on the Viking end of the line and Wednesday work was started on the Wythe road near Bonnie Doons. E. J. Hill general manager of the gas company reports that the equipment is working very satisfactorily and with the soil fairly moist the ditching machines make good progress. Mr. Hill left the city Wednesday night for Viking to inspect the work at that end of the line.

**WILL NOT STOP SWIMMING ON SUNDAY**  
Lord's Day Alliance Suggests No Charge Be Made on Sunday  
The secretary of the Lord's Day Alliance has requested Mayor Duggan to take steps to close the swimming pool on Sundays and suggest it must be kept open there should be no charge and children should be excluded.  
Mayor Duggan in reply stated that council is not prepared to take any steps to meet the request, inasmuch as the matter has been fully discussed several times and it has been found to be the best interest of the city to keep the pool open on Sundays. This also applies to the other course and other amusements.

## PRICES LOSE MORE GROUND ON WALL ST.

Large Traders Show Disposition to Await Further Development on Foreign Situation

NEW YORK, July 11.—With public interest still at low ebb, professional traders showed disposition to await further development on the foreign situation before making any move on the stock market, and prices lost more ground. Trading was again relatively dull, large traders showing a disposition to await further development on the foreign situation before making any move on the stock market, and prices lost more ground.
